Audit Report for

# DiDi Coin [DC]

DISCLAIMER: This is an automatically generated audit performed with De.Fi Scanner tool. De.Fi smart contract auditing tool is intended to assist in identifying potential vulnerabilities or malicious functions in smart contracts. While this is done to our best effort and knowledge, please notice that no tool can guarantee complete accuracy or comprehensiveness in detecting all possible vulnerabilities.

## Project Summary

Project Name	DiDi Coin
Address	0x576e2bed8f7b46d34016198911cdf9886f78bea7
Network	1

Issue ID	183
Severity	🎯 Optimization
Status	High
Description Code	<b>uint256 private</b> _finalBuyTax=1;
Location	didi-coin._finalBuyTax (didi-coin.sol#133) should be constant

Issue ID	183
Severity	🔴 Optimization
Status	High
Description Code	<b>uint256 private _finalSellTax=1;</b>
Location	didi-coin._finalSellTax (didi-coin.sol#134) should be constant
